

WELCOME TO CREATIVE ARTS

The Creative Arts department consists of five subjects:

- Art
- Design Technology
- Drama
- Food Technology
- Music

You will have one lesson per week of each of the subjects in Creative Arts

When you start at Colne Primet Academy we will introduce the subject to you.

This is to help you to get a better understanding of what it is.

We will explain the break down of the year and what you will be completing, for example:

Term 1:

Art	Drama	Music	DT	FT
Formal Elements	Acting Skills and Techniques	Music Elements	Health and Safety	Health and Safety
You will create a booklet using the formal elements that are key to improving your art skills	You will play games, create scenes and develop acting skills such as facial expressions	We will explore the elements of music pitch, volume, dynamics and tempo. You will use a variety of instruments	You will become a Health and Safety Expert in the workshop.	You will become a health and safety officer, identifying the health and safety concerns and risks in the kitchen
